Recommended running route
Longer route (6.2mi/10.1km)
Directions
- The route begins at the Campus ‘North gate’ by Hinxton village.
- Run straight through Hinxton, after about 500m turn left down Duxford Rd, and follow this all the way to Duxford.

Duxford
- When you reach Duxford’s main street, turn left (St Peter’s Church will be on your right.)
- Follow this road, passing The Plough pub on your left. The road will curve left and turn into Ickleton Rd.
- Continue down the left-hand side of Ickleton Road for about 1km, then take a sharp left (past the Huntsman factory) down an avenue of trees.
- After about 700m take a right, along a path that will eventually run parallel to the railway tracks.
- Cross over the road, with the level crossing on your left, and follow footpath to cross the field diagonally.

Ickleton
- Turn left onto the road, and follow it round to the right and continue right on Butcher’s Hill.
- Cross over the road and continue, along Abbey Street, for about 500m. You will pass the Ickleton Lion pub, on your left.
- Take the first left onto Coploe Road. (If you get to the M11, you have gone too far!)
- Continue along Coploe Rd until you get to the motorway bridge - turn left onto a track before the bridge. Follow this straight, then heading left.
- When you reach Frogge Street turn left. There is a pavement on the right side of the road.
- Head back into Ickleton: turn right at Church Street and follow the road round to the left. You will then pass the church on your left.
- Turn right onto Mill Lane, not far past the church. At the end of Mill Lane there is a rail crossing. Please take great care when crossing the railway tracks.

Wellcome Genome Campus
- After crossing, take the path to the left. You are now back on the Wellcome Genome Campus grounds, and will pass the Wetlands Nature Reserve on your right.
- This path leads you to bridge – cross it, and follow the path to the left.
- After weaving a bit, you will reach a much smaller footbridge. Do not cross it; take the path to the right that leads you straight up through some trees, back to the Conference Centre.

Advice:
This route is partly off road, and partly on road, a few of which have no pavement. Please be mindful of cars and remember to run on the right side of the road so you are facing oncoming traffic. Please take extra care at the train crossings.

It is also unlit at night, so you will need to take a torch and reflective clothing.
